

HIGHER FAILSWORTH PRIMARY SCHOOL

Meet the Governors – Gemma McIntosh

Hi, my name is Gemma McIntosh.

I have two children at Higher Failsworth School, who both started in Nursery. They are enjoying their time at school. After school they tell me all about the different projects or tasks they are working on. When possible I like to assist in class trips away from school; it's amazing to hear how much the children learned and see how they apply it away from the classroom.

I work full time in Manchester Centre and have many transitional skills which I can apply to my relatively new role as Parent Governor. I'm currently undertaking many training courses and online learning modules to become a valuable member of the Governing team.
