

Communication and Language

We will learn to listen to our friends ideas when playing in our vegetable shop

We will practise using longer sentences by explaining how to make a fruit kebab

We will improve our listening and understanding skills by describing fruit and vegetables without actually saying what the piece of food is

Personal, Social and Emotional Development

We will share fruit plates with our friends.

We will talk about food from around the world that is eaten during celebrations

We will talk about the importance of washing our hands before we handle food.

Literacy

We will create instructions to make a fruit kebab.

We will use expressive language to describe the taste of different fruits

We will explore the textures of different vegetables and learn to describe them using texture words

WE will sequence the story of The Very Hungry Caterpillar

Do you like Fruit?

OPAL CLASS

SPRING 1

2021

(part 2)

Physical Development

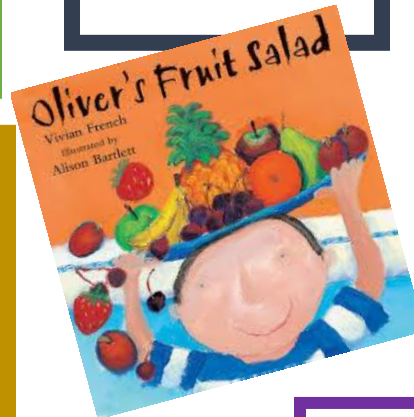

We will develop our skills with playdough by making dough fruit and vegetables

We will investigate changes in our bodies when we take exercise

In the water & sand trays we will develop fine motor strength using tweezers to separate single strands of spaghetti

Mathematics

We will use fruit and vegetables to make repeating patterns in Printing and in fruit kebabs

Understanding the World

We will explore different fruits from around the world and establish our own favourite fruits and vegetables

We will decide which foods we like the best and what we would serve to our teachers

Expressive Arts and Design

We will explore the pictures of Arcimboldo and create our own edible masterpieces
