

Literacy

During our topic we will be looking at Howard Carter and why he was famous. We will also be writing diaries as if we were Howard Carter finding the tomb of Tutankhamun.

We will also be finding out about Ancient Egypt and we will be using this to create a non-chronological report about Egypt and what it had to offer if you were living during the Ancient time.

We will be creating a mystery story about a mummy coming to life in a tomb.

Maths

In maths this half term we will be continuing to think about Multiplying and Dividing, but we will be extending our knowledge of 3,4 and 8 xtables use this knowledge to help us to multiply and divide 2 digit numbers by a 1 digit number.

We will then move onto thinking about money and coins. We will be adding amounts up to £10 and finding out how to use our knowledge of subtraction and finding the difference to give change

Music

In Music we will be continuing to focus on our skills that we started to learn last half term. We will be using the glockenspiels to think about how we can use the notes c, d and e to follow music and to start to compose our own pieces of music.

History

In History we will be studying the Ancient Egyptians. We will be comparing Ancient and Modern Egypt. We will be finding out about the rulers during this era. We will also be finding out about the religious and moral views of Egyptians from their use of mummification. At the end of the topic we will then find out about how to use a timeline to order the important events of Ancient Egypt.

Art .

In our Art lessons we will be thinking about pencil work and how we can use pencils to create shadow, line sketching and observation drawing whilst we are working from home.

ICT

In ICT we will be learning how to communicate using email. We will learn how to use email to send other people messages and reply to messages sent to us. We will also be learning how to use the cc and bcc function. In addition to this we will be learning how to send an email attachment

Awesome Egyptians

Coral and Sapphire
Spring 2 2021

PE

In PE this half term we will be learning the skill involved to play handball. We will be send using a javelin pass, pass and receive the ball on the move, throw and shoot using overarm technique, intercept a pass and participate in a small sided game.

Science

In science this half term we are thinking about our bodies and how the human body works.

identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat

identify that humans and some other animals have skeletons and muscles for support, protection and movement.

PSHE

This half term we are thinking about how to keep our mind and our body healthy. We will be identifying what a growth mind-set is and how we can use this effectively. We will also be looking at food and why this is good for both our boy and our mind. We will also be identifying why mindfulness is a good way to keep us grounded
