

March 2026

Dear Parents and Carers,

We are excited to announce a day of celebration of Numbots for our Nursery, Reception and Year 1 children

Numbots is a fun and engaging online programme designed to help children build confidence and fluency in early maths skills. All children already have their log-in details, and we would love to see them using Numbots regularly at home.

To celebrate Numbots in a fun and memorable way, we will be holding a “Dress as a Robot Day” on Tuesday 21st April 2026. On this day, children are invited to come to school dressed as robots—this can be as simple or as creative as you like! Think foil, boxes, or just a robot-themed outfit.

Throughout the day, children will take part in exciting Numbots activities, and we hope this will inspire them to continue their learning at home.

What you need to know:

- Date: Tuesday 21st April 2026
- Dress up as a robot (optional but encouraged)
- Numbots logins will be sent home again to support access

We kindly ask for your support in encouraging your child to use Numbots regularly. Just a few minutes each day can make a big difference to their maths development.

If you have any questions or need support accessing Numbots, please don't hesitate to get in touch.

Thank you for your continued support.

Kind regards,

Miss Green and Miss Appleton

Maths Subject Leaders
